Job Title: Veterinary Technician
Department: Operations
Reports To: Shelter Medicine Veterinarian
FLSA Status: Non-Exempt

Compensation: The general salary range for this position is \$20 to \$24. Salary offers will commensurate with experience, qualifications, skills, training and education.

MISSION STATEMENT & VISION:

The Lake Oconee Humane Society (“LOHS”) is dedicated to a more humane community by reducing pet homelessness and helping pets and their owners have the best quality of life available.

LOHS envisions a community where companion animals live in a safe and loving home and the human/animal bond is honored by respect and compassion

Job Summary

Reporting to the Shelter Medicine Veterinarian, the Veterinary Technician is responsible for the daily care of all surgical patients, assisting doctors with pre-, peri- and post-operative care of patients, general cleaning, and training others to utilize patient care protocols, inventorying, ordering, and restocking medical supplies and medications.

Essential Job Functions:

1. Handle and track controlled substances for large volumes of surgical patients
2. Efficiently pre-medicate, induce, and intubate any and all patients as necessary
3. Able to monitor anesthesia, with a clear idea of abnormal conditions
4. Ensure prompt and accurate paperwork procedures are followed each day
5. Communicate in effective and professional manner with public, trainees, and all LOHS staff members
6. Represent LOHS in a professional and courteous manner at all times
7. Follow all written and verbally communicated departmental standard operating procedures
8. Communicate with clients and assist with rechecks as needed
9. Knowledge and ability to intake and release patients, including delivering post-operative instructions in a competent and friendly manner
10. Train veterinary assistants, new staff members, and trainees to utilize our patient care protocols
11. Able to respond appropriately during an emergency, able to take directions from a veterinarian and direct others during the event, and maintain competency during CPR procedures
12. Able to glove in sterily and assist doctor with surgery when appropriate
13. Handle medical calls
14. Effectively “team lead,” displaying a positive attitude and acting as a motivating force for all staff members
15. Able to efficiently run a clinic team and maintain surgical flow
16. Able to perform all job functions of a veterinary assistant
17. All other duties, as assigned by supervisor

Education, Experience, Knowledge, Skills, Abilities:

1. RVT or enrolled in an approved veterinary medical technology program
2. Must speak fluent English
3. Client Education
 - a. Must be able to learn basic veterinary medical concepts, including but not limited to vaccine protocols and anesthetic risks

PREFERRED

Current registered veterinary technician, with a license to practice in Georgia. Two or more years of experience in a veterinary clinic, veterinary hospital, and/or animal shelter or control facility. Candidate should be highly motivated, enthusiastic, self-starter with a professional attitude.

Work Environment

The offices and operations of this department can be high stress and very busy at times. This position is scheduled for 5 days/week, usually Monday through Friday; however, the schedule can change and may sometimes require weekend or evening hours to complete the job. It can include working some holidays or evenings depending on needs. Candidate must be flexible with schedule changes and short notice requests.

LOHS is an equal opportunity employer and considers applicants for all positions without regard to race, color, religion, creed, gender, national origin, age, disability, marital or veteran status, sexual orientation, or any other legally protected status.

DISCLAIMER: This job description in no way states or implies that these are the only duties to be performed by the employee(s) incumbent in this position. Employees are required to follow any other job-related instructions and to perform any other job-related duties requested by any person authorized to give instructions or assignments. All duties and responsibilities are essential functions and requirements and are subject to possible modification to reasonably accommodate individuals with disabilities. To perform this job successfully, the incumbents will possess the skills, aptitudes, and abilities to perform each duty proficiently. Some requirements may exclude individuals who pose a direct threat or significant risk to the health or safety of themselves or others. The requirements listed in this document are the minimum levels of knowledge, skills, or abilities. This document does not create an employment contract, implied or otherwise, other than an “at-will” relationship.
